Blanket Report of Grand Jury Causes Little Stir

FISHER HAS NO STATEMENT

Rough Declares City Clean—Records Are Cited

The blanket recommendation of the Allen-co grand jury that the Lima police department be shaken up, scarcely caused a stir in official circles Wednesday. There appeared to be no intention of taking the indefinite suggestion of Prosecutor Cable's investigators seriously.

The sentiment seemed to be summed up as, "If they have anything on any members of the police department, why didn't they indict them?"

"I have no statement to make at this time, concerning the action of the grand jury," Safety Director Fred H. Fisher said Wednesday. "Further than that it appears to be rather indefinite as to what the grand jury is endeavoring to get at. STATEMENT INDEFINITE."

"In fact, I am at a loss to understand just what a statement would be made by the jury. It is indefinite and vague, lodging charges in a sweeping manner with nothing definite attached thereto. If the members of the jury are in possession of any facts that would warrant a weeding out process, I feel that it is their duty to make such facts known to me, as the head of the police department."

"The whole thing possesses a peculiar atmosphere that it is difficult to fathom. In the meantime, I, the mayor, declare that the grand jury would warrant action being taken for the elimination of anyone from the department, I wish to make it known that I am back of the members of the police force."

"The grand jury has cast suspicion upon the department. If that body is in possession of facts that militate against the police department, I should like to have them."

ROUGH MAKES STATEMENT
Chief Roush issued a statement in which he declared he will "stand pat." He indicated in his statement that he believes certain persons with personal grievances against the department had much to do with the investigation in which more than 100 witnesses were called.

Following is the statement made by Roush.

"Lima is one of the cleanest towns in the United States. The records will show it and the general public know it."

"What has happened outside of a few little petty crimes that we haven't cleaned up?"

"In the last three weeks the police department has cleared up 23 house and store robberies and hold-ups, with all of those alleged to have participated now under arrest."

"So far this year the police department has recovered 45 stolen automobiles and returned them to their owners. Only eleven have not been recovered."

"One of the biggest surprises to the public I think, is due to the fact that the grand jury has called over a hundred witnesses to investigate the Lima police department, and recommended a 'police shake-up' to make the city safe."

"We would have much rather if they had anything on any officer or myself that they would have shown their cards, and not endeavor to make the public think that the Lima police department is inefficient."

"I realize the fact that in connection with this investigation some of the outlaws have no use for the Lima police department, and have made their threats when they intend to do. But we fear nothing."

DISREGARDS RECOMMENDATION
"As I am the commanding officer of the entire police department, subject to the Director of Public Safety and the Mayor of the City of Lima, Ohio. It is not their intention nor mine to pay any attention whatsoever in regards to the proposed police shake-up."

"We are endeavoring to serve the City of Lima and it is the duty of any citizen or any county officer when they hear of anything wrong in the Lima police department to report it to the higher-ups, before they attempt to indict some one on hearsay."

"Where are the undersheriffs? I recommend since the Allen-co grand jury did not indict any of them, to furnish me with a list of what they term undersheriffs so I may bring them before our municipal court for punishment."

"My yearly report will show that we have arrested a large number of bootleggers, and that we have broken up several whisky rings. We have kept the city running financially on a fine that were assessed by Judge Jackson, which amounted to thousands of dollars."

BURKHARDT OUT OF CITY
Mayor F. A. Burkhardt was out of the city and could not be reached for a statement.

Following is the recommendation attached to the grand jury's report referring to the police department.

"Inasmuch as the inactivity of the Lima police department has been carefully investigated by the Allen-co grand jury, it is concluded by that body that a reformation or reorganization of the police department is essential, to bring about a better enforcement of law and safety of person and property. The undersheriffs in the department should be weeded out."

James L. Cable, prosecutor of Allen-co, declined Wednesday to make any statement regarding the recommendation of the grand jury for a shake-up of the police department.

Situation Bared by Acting Secretary of State Davis

TESTIFIES ON WIRE ROW

Gives Senate Body Data on Dispute in Landings

WASHINGTON — (By United Press.)—American precedents and traditions were upheld by the state department in refusing to permit the Western Union Telegraph Company to land a cable at Miami, Fla., without a permit, Norman H. Davis, acting secretary of state, told a senate committee Wednesday at the beginning of hearing on the whole cable situation.

Davis, in answer to questions by Senator Kellogg, chairman of the committee, told the history of the South American cable business, how the Western Telegraph Company, a British concern, has a monopoly in Brazil and the rest of the eastern portion of South America and has refused to share this business with the All-American Cable Company, which operates on the western coast and has land lines to Rio and Santos.

WORLD SITUATION
Davis also gave the committee a brief outline of the world cable situation as it affects the United States, particularly American business. He told of the controversy over the former German cables showing how France and Great Britain having seized the Atlantic cables, have shut the United States out of direct communication with central Europe and Scandinavia. He declared the United States is standing firm for a restoration of the service which obtained before the war and also adheres to its claim to part ownership of the cables.

Kellogg first took up the controversy over the attempted landing at Miami.

Davis said he had negotiations with Newcomb Carlton, president of the Western Union, regarding the proposed cable from Miami to Barbados to connect with a line of the Western Union Telegraph Company from South America.

U. S. CHALLENGED
The Western Union, Davis said, first asked for a permit to land at Miami, but later challenged the government's authority to require it to get a permit.

Efforts were made to get the Western Union and the Western Telegraph Company to agree to certain conditions which would have been of benefit to American business men. These include:

1.—That the press and commercial rate from London to Brazil should never be less than the rate from New York to Brazil. This would put American business men on an equality with English business men, he said.

2.—That messages from the United States should be free of any sort of censorship.

3.—That the Western Union accept messages on its land lines to the United States to be carried to South America over any cable the sender wished to use.

It was also suggested, Davis said, by the All-American Cable Company, that a traffic agreement be made between it and the Western Telegraph Company to permit the All-American to serve eastern South America but this was turned down by the British company.

NUDE STATUES AT ART SCHOOL "LYNCHED BY CHRISTIAN CIVIC LEAGUE"

ST. PETERSBURG, Fla. — Visitors at the Florida Winter Art School exhibition Wednesday found the nude statues garbed in middle blouses and bloomers. Recently the Christian Civic League censured the nude art at the school and Wednesday several busts suspended from the ceiling by strings tied around the necks were labeled "lynched by the Christian Civic League."

W. W. CRAIG'S CONTEST SUIT AS COMMISSIONER IS HEARD WEDNESDAY

Taking of testimony in the hearing to contest the election of Walter Gray and J. W. Thompson, as commissioners for terms of four years, occupied all day Wednesday in the office of Walter Scott, court reporter.

Ernest M. Botkin and E. L. Durbin, justices of the peace, sat as judges in the case.

Walter W. Craig, who claims he received the highest number of votes, in case the ballots had been counted correctly, was represented by Attorney T. R. Hamilton. Commissioners Gray and Thompson were represented by Prosecutor Cable and his assistant, E. T. Lippincott.

Judges and clerks in specified precincts in the fourth and sixth wards were called in to testify as to how the ballots were counted. Testimony was recorded by Court Stenographer Scott.

PEACE COIN FOR U. S. PLANNED

Proposition, Backed by Ohioans, Up to Congress

COLUMBUS — (By Associated Press.) — A new coin may be struck by Uncle Sam to commemorate the coming of peace to the world, following the greatest war of all times, according to a special dispatch from Washington to the Columbus Dispatch.

The plan, the story says, has just been presented to the house committee on coinage, weights and measures by a committee composed of Judson Brenner, of Youngstown, Ohio; Dr. J. M. Henderson, of Columbus; Representative W. A. Ashbrook, of Cleveland; and others.

Mr. Brenner is prominently identified with the American Numismatic Association. The plan proposed is that for the period of one year there shall be coined, in lieu of the standard half dollar, a coin about the size of the half dollar and having the same currency value. This coin is to be especially designed so that it will be symbolic of peace in a war-weary world. The number of coins put out during the year would be regulated by the ordinary currency demands.

The "peace half dollar" would be coined at the Philadelphia mint under the proposed plan.

Heretofore, special coins have been issued to sell at a premium to boost worthy projects of national importance, and this could be the first coin designed to circulate at par value.

The committee expressed itself as favorable to the idea but it was decided to refer the proposal to the secretary of the treasury to get his views on it.

LIONS CONSTITUTION IS ADOPTED; MEMBERS HAVE ITALIAN NAVAL VISITOR

The Lion club was favored with the presence of Signor Ralph Carano for six years at the Italian Navy, who was the guest of Read Marshall, chairman of the day. Signor Carano addressed the club in his native tongue, explaining in English that he could better express his pleasure and appreciation. He was interpreted by his host, who stated that in the opinion of the Signor American people are more courteous and brotherly than in the old country.

Bert Wilcox set forth the work he and his associates were doing along community lines at the East Side Fire station, and asked the co-operation of the club. The Welfare committee, composed of Rev. Kyle Booth, Allan Wisely and Bert Wilcox, were instructed to adopt a plan and obligate the club for assistance.

A special entertainment committee was appointed to plan for a ladies night during the Christmas season. This program was placed in the hands of Messrs. Millikan, Steele and Biddle. The constitution and by-laws as submitted by the committee were adopted by vote.

The Lions will take complete charge of a district in the Community Fund campaign under the leadership of Major Marshall who will select his captains and workers from the club membership. Elmer McClain was announced as the next chairman.

YOUNG WOMEN ROBBED OF COURTING PARLORS

CHICAGO — Housing conditions have robbed young girls of "courtship parlors," according to Miss Mary Bartelme, assistant to the juvenile judge who Wednesday advocated establishment of meeting rooms in every school.

"Invite the parents to come to the school parlor and meet the young men visiting with their daughters," she said. "Provide some games and a piano in one room and leave two or three rooms free for private discussion."

REVOLT RUMBLES REACH MARION

Insurrection in Republican Party Threatened, Belief

SPLIT OVER LEAGUE SEEN

Division in Building New Cabinet Also Looms

MARION — (By United Press.) — Rumbles of possible insurrection among Republican irreconcilables in the senate were reaching President-elect Harding, thru various channels, Wednesday.

He may call some of their leaders to Marion shortly with a view to nipping any insurgent movement such as wrecked the Taft administration.

Primarily, the irreconcilables fear Harding is leaning too far in favor of the league of nations, according to advisers reaching here. Among other sources of apprehension is the new cabinet and the belief that Harding intends to appoint Herbert Hoover; another is the fear that he is not planning a sufficiently progressive domestic program.

CLOSE TO SENATE
Harding is in closest touch with the senate situation, often by long distance telephone, and knows of every shift in the line-up there as soon as it occurs.

Raymond Robins, Chicago, a progressive, was to be heard Wednesday in the senate on the views of his own wing of the party, especially as to domestic legislation and the labor situation. Should his advice be acted upon, there would be little complaint from the progressive Republicans. Reports that Robins is being considered for secretary of labor were strengthened by his appearance here Wednesday. He has always been friendly to organized labor.

HARDING TO SPEAK
Harding addressed a conference on child welfare here Wednesday night. Thursday Governor Calvin Coolidge comes and Friday Harding will see William J. Bryan, Senator New, Indiana, and Chairman W. H. Hays of the Republican national committee. He appeared to be optimistic Wednesday regarding the conferences held so far. They indicated, he said, that it will not be as difficult to reach a common ground as some had thought.

St. Marys woman pleaded Not Guilty to Stealing Children

ST. MARYS — (Special.) — Mrs. Edna Howe was removed from the Allegheny jail by Sheriff Hinton Wednesday to St. Marys, charged with kidnapping her two small girls, Zola, 8, and Dana, 12, and taking them to the home of her brother in Kankakee, Ill., last Monday.

At a preliminary hearing, Mrs. Howe pleaded not guilty and waived a trial by jury. She will be arraigned in Judge Switz's court Saturday afternoon at 1 o'clock.

GAS PRESSURE HEARING POSTPONED TO JAN. 13

No progress was made in the hearing Tuesday by the Public Utilities Commission of Ohio, at Columbus, of the application of the Lima Natural Gas company for an order requiring the Medina Gas & Fuel company to furnish an adequate supply of natural gas for consumers in this city.

An effort was made Tuesday, members of the commission stated, by the producing and distributing company to get together in the matter of price to be paid for gas delivered for distribution here.

Announcement was received from Columbus Wednesday that further hearing has been postponed by the commission until January 13.

\$10 CHECK FOR SOME SCHOOLBOY OR GIRL

Here's a chance for some boy or girl of Lima to pick up a \$10 check for Christmas for a little work.

Any boy or girl in the public or parochial schools between the ages of 8 and 16 years is eligible to enter The Lima News essay contest which opens today and closes at noon next Wednesday, December 22.

This is the subject: "WHY SHOULD LIMA SUPPORT A COMMUNITY FUND?"

Essays should be more than 100 words in length and written on one side of the paper.

For the information of the children, citizens of Lima will be asked to contribute \$100,000, the pledge to be made on Christmas day, to a fund which will provide for all charity in the city. It will bring the dispensation of charity under one head which will prevent duplication and

1,500 EXPECTED AT COMMUNITY FUND MEET THURSDAY EVENING

The number of workers who will meet at the Memorial Hall on Thursday evening for the big Community Fund mass meeting is growing rapidly and those in charge state they expect fully 1,500 people at this meeting.

Many pathetic calls for aid are coming to the service division and the officers in charge are spurred to greater efforts than ever to make this drive a success in every way.

It is very necessary, members of the committee state, that every worker be present Thursday night. The first announcements of the publicity committee were being made Wednesday, giving complete information concerning the drive and its objects.

BRITON PUT ON U. S. ADVISORY BODY

Witness Claims London Tried to Influence Shipping Board

WASHINGTON — Members of the British mission which visited the United States in 1917, attempted to influence the policies of the shipping board, William Denman, of San Francisco first chairman of the board, testified Wednesday before the special house committee investigating the board's operations.

In this connection, the witness said that he could obtain the personal notes of President Wilson for the disclosure of "certain phases" of shipping board negotiations "one of the sources of interference with our administration as head of the board may be disclosed."

Mr. Denman indicated that his insistence that the shipping board be free from British influence had more to do with his resignation as chairman of the board than any other one thing.

To support his charge of attempts of the British mission to influence the policies of the board, Mr. Denman said that in April, 1917, when he was attempting to organize an administrative board in New York to function with the shipping board "on purely American basis," he discovered that without his knowledge, Sir Connop Guthrie, a member of the mission that had just arrived in this country, was "made a member of the advisory body."

At a preliminary hearing, Mrs. Howe pleaded not guilty and waived a trial by jury. She will be arraigned in Judge Switz's court Saturday afternoon at 1 o'clock.

JURY PICKING ON

Selection in McGannon Case to be Completed Today

CLEVELAND — (By Associated Press.) — Early indications were that the jury which will decide the fate of William H. McGannon, charged with the murder of a municipal justice, of the municipal court, charged with the second degree murder of H. C. Kasy, garage owner would be completed before court adjourns for the day.

Nine tentative jurors had been selected when Wednesday's session opened, all of whom were chosen from the regular venire. During the examination of witnesses, the prosecution and counsel for the defense emphasized the fact that the jury might be locked up until the conclusion of the case which might extend over Christmas and New Year's day.

NON-SUPPORT CHARGE

AIRMEN IN CRASH

Balloon Hits Mountain—Fate of Crew Unknown

NEW YORK — (By Associated Press.) — The fate of the naval balloon, which left Rockaway Point for Canada on Monday afternoon with three passengers and which was reported to have crashed into the side of York Mountain near Wells, N. Y. Tuesday night, was still uncertain Wednesday.

Officials of the Rockaway Naval Air station were without word from the crew and had received no homing pigeons which were taken in the balloon.

The crew was composed of experienced aerial navigators, headed by Lieutenant Walter Hinton, who was a member of the crew of the NC-4 during its trans-Atlantic flight. The other members of the crew are Lieutenant Stephen A. Farrell and A. L. Kline.

PRESENT CLAIMS IN RATE FIGHT

Arguments Made to Interstate Commerce Commission

CASE MAY GO INTO COURTS

Buckeye State Expected to Seek Such Decision

WASHINGTON — (By Associated Press.) — Michigan and Ohio railroads annually if the refusal of state railway commissions to increase intrastate rates to the level of interstate schedules is sustained, the interstate commerce commission was told Wednesday by counsel for the carriers.

Hearings in the cases of seven states where carriers have attacked the action of state commissions on the same grounds were expected to be concluded before night.

E. E. Corn, counsel for the Ohio commission, said he believed the courts would have to pass upon the cases finally to fix jurisdiction of the federal commission. He intimated this Ohio would seek such a decision.

LOSSES IN OHIO

N. S. Brown, for Ohio railroads, fixed the annual loss to the carriers of Ohio at \$5,000,000 if intrastate advances were not allowed.

Mr. Corn argued that there was no testimony by the Ohio carriers to show that they had an economic management or that money spent for equipment and improvements was justified and that this might account for the lack of a six per cent return in Ohio interstate commerce.

John Bell, counsel for the Michigan carriers, said an injunction suit against an act fixing a rate of 2.5 cents a mile was now pending in the federal court of Michigan. If the rate was enforced he added, the annual loss to the roads would be \$5,500,000.

William Smith of the Michigan commission, said that freight rates were higher in intrastate than interstate traffic and that while the roads might lose on the passenger rates, they would more than make it up on freight. He argued that the interstate commerce commission had no power to interfere "in the state rights of Michigan" to fix rates within its borders.

BEETHAM IN LEAD

May be Selected for Speaker of House Today

COLUMBUS — (By Associated Press.) — Both Republican and Democratic members of the lower house of the Ohio legislature met here Wednesday to complete organization of the legislature of a new legislative party caucus. The Republican gathering had been announced some time previous, but the eleven Democrats in the house received the call for their caucus only Tuesday.

Several Republican candidates, among them R. R. Beetham, Cadiz; H. T. Robins, Chillicothe, and Robert Dunn, Wood-co, are in the race for the speakership, with Beetham apparently holding somewhat of an advantage. Two years ago he received a large vote for the speakership, but was defeated. C. C. Crabbe, London, was expected to be unsupported for majority floor leader.

Democrats, it was said, will run H. S. Atkinson for the speakership, and following his conceded defeat, will make him minority floor leader.

The usual quota of job-hunters was apparently on hand to urge their cases before the legislators.

BONUS OPPOSED

Would be Hardship at Present Senator McCumber Says

WASHINGTON — (By United Press.) — Granting of a soldier bonus at present, would inflict a great hardship on taxpayers, Senator McCumber, of North Dakota, acting chairman of the senate finance committee, declared Wednesday. The fight to have the senate adopt the bonus act, passed by the house last session, was opened Wednesday before the senate finance committee by representatives of world war veterans.

A decision on the bonus bill will be reached at this session of congress, McCumber predicted.

"I have no doubt congress eventually will grant a liberal bonus to the veterans," said McCumber, "but the principal question now is whether it would be wise to make it at the present time. I think the members of the senate are anxious to do the right thing by the soldiers and sailors."

Ask Resignation of Trustees Failing to Attend Meetings

Resolutions favoring the erection of a new City Hospital recommended by a committee consisting of Dr. C. S. Steiner, Dr. W. H. Parent, Dr. C. E. Steer, Dr. J. B. Polling and Dr. J. M. Patterson, appointed by the chairman of the medical staff of the City Hospital, and adopted by the hospital staff, were presented to the trustees of the institution at a luncheon meeting Wednesday noon at the hospital.

The resolutions also condemn the present hospital as unsanitary and unsafe, vermin ridden, and in danger of fire.

DRASTIC RESOLUTION
The staff also recommends that members of the board of trustees not interested enough to meet once a month, or who are not interested in the erection of a new hospital, be requested to resign.

The staff recommendations ask that the trustees of the hospital employ an orderly to give certain care and attention to patients, which the nurses should not be required to do. That no indigent person be admitted for less than per capita cost of maintenance.

That owing to the rapid changes and greater demands made in hospital work, the committee feels that the trustees cannot be familiar with hospital needs without meeting once a month.

The physicians of the hospital staff submit to the trustees the following statement of fact:

BUILDINGS CONDEMNED
"The Lima hospital buildings are old and unsanitary; the hospital lacks isolation possibilities for infectious cases; the rooms for private cases are inferior, dark and poorly ventilated; the wards are miserably unsanitary because of vermin infestation; the hospital lacks toilet and bathing facilities; the heating plant is inferior and inadequate and the building is nearly always overcrowded and in constant danger of being destroyed by fire. The institution, by reason of its interior buildings and equipment, is unable to meet requirements of the American Hospital association, or of the State Medical board. The student nurses will be unable to qualify to take examination."

URGENT NEW HOSPITAL
"Because of these facts and conditions which are to us almost intolerable, we beg of you to start a campaign for the construction of a new hospital commensurate with the needs of the city. The entire staff of the Lima Hospital adopted these resolutions by unanimous vote and in addition adopted the following resolution:

"Resolved, That members of the board of trustees of the Lima Hospital not interested enough to meet once a month, or who are not interested in the erection of a new hospital, should be requested to resign."

WILL DEVELOP SENTIMENT
In session with the members of the medical staff following the luncheon, the trustees of the hospital decided to appoint a committee to confer with representatives of civic organizations to inaugurate a movement to develop sentiment for a new hospital, in accord with the recommendations of the staff. There are 15 members of the board of trustees, who will meet monthly hereafter, it was stated.

The trustees voted to employ an orderly for the hospital and increase the salaries of all members of the staff. Another meeting will be held by the trustees and the staff, within a few weeks.

INDICT CARBONES FOR BLACKMAIL

Eighteen Held by Grand Jury to Answer to Court

The October grand jury, in its second extended session, returned a joint indictment for black-mail against Rose and Rosa Carbone, south side Italians, in its report Tuesday night. They are charged with sending black-hand letters to Kilment Naum, south side grocer.

The Carbone were arrested after stationery in their possession corresponded with that upon which the black-hand letters were written, evidence showed.

Comparison of the hand-writing with that of the black-hand letters is said to be identical, according to police.

Thomas Coppus, Baltimore and Ohio section worker, was re-indicted by the present grand jury on the charge of perjury. He testified in his recent trial on a statutory charge, he tendered no money to clear up the evidence against him. The jury disagreed, Coppus is to be re-tried later.

It is upon this testimony at the trial he was indicted at the last session. Upon the outcome of his case depends that of Lewis Morphis, Toledo private detective, indicted by the first session of the grand jury, charged with having impeded a witness in testifying against Coppus. Morphis is charged with having attempted to buy off the mother of the young West Cairo boy against whom Coppus is alleged to have committed the offense. When she became conscience-stricken she told the matter before Prosecutor Cable. Eight secret indictments were returned by the grand jury. Of the indictments made public, others included are: Burley Shaffer, attack; Lee Johnson, carrying concealed weapons; Walter G. Hosson, embezzlement; E. J. Royston, forgery; W. M. Lefler, grand larceny and stealing an automobile; Robert Brown, burglary and larceny.

DIVIDEND PASSED

Action Is Announced by Willys-Overland Company

NEW YORK — (By Associated Press.) — Directors of the Willys-Overland Company Wednesday announced their regularly quarterly dividend of 1 3/4 per cent on preferred stock would be passed.

In explanation of the omission of the dividend, the directors issued a statement explaining that while the preferred stock dividend for the end-of-year has been earned by a wide margin, directors "consider it to the ultimate advantage of the company to conserve cash resources until normal conditions again prevail in the industrial and financial world."

The statement added that a "conservative manufacturing program looking toward reduction of inventories and establishment of the utmost manufacturing and merchandising efficiency" had been adopted, and declared that this had considerably strengthened the financial position of the company.

WARN AMERICANS TO GUARD MONEY AND JEWELS IN PARIS

PARIS — "Keep your money, jewels and furs carefully locked away." Such is the advice being given by the managers of prominent Parisian hotels to their guests. The need for advice is found in the ever-growing frequency of robberies committed in hotels. A gang of international thieves is thought to be operating in all leading hotels, and the French authorities, altho they have sent out their best detectives and police after members of the gang, have failed to discover any culprits.

American visitors are usually the highest sufferers and their money and jewels disappear practically before their very eyes. Recently an American woman living at a prominent hotel found that a pearl and diamond bangle valued at \$24,000 which she had left on her dressing table at night had gone in the morning. The next day at another hotel another bangle valued at \$4,000 had disappeared in the same way. Two days later a South American who had only just arrived had ordered coffee for his breakfast and after having drunk this fell into a sound sleep. When he awoke he discovered that his pocketbook and various jewelry were gone.

It is believed that this gang of gangs have women accomplices working in the hotels and the police are baffled by the daring shown by the thieves.

ANNOUNCING WINNERS IN LIMA NEWS "ARE ALL MEN ALIKE" CONTEST

Below are published the winners of the "Are All Men Alike" contest, which has been running in The News and Times-Democrat for the past week.

Many and varied were the answers received, and it was no easy matter to pick from the hundreds of replies, essays on which to make the awards. However, in the final choosing, neatness, legibility and good diction were important factors. Many answers contained splendid matter, but words were misspelled, copy far from neat and poorly worded.

Mrs. William H. Seng, who resides at 914 E. Second-st., is the winner of the first cash prize of \$30.00. Mrs. Seng's essay on "Are All Men Alike," printed below, is the best answer received, according to judges. Punctuation, wording and legibility, together with the essay itself, are splendid. We print it herewith:

THE PRIZE ESSAYS

"Many men—many minds. Men, after the general principles, are all alike, in that they want religion, love, wife, family, work, pleasant surroundings and the things that make up every day life, but differ in that each having a different character and disposition, apply different methods for the aims of life.

"Men all aim, some for the pinnacle of fame and success—some for the depth of infamy and disgrace, therefore making a universe of men alike after the general principles, but

NOT ALIKE in the things that go toward making life worth while. Respectfully,
Mrs. William H. Seng,
914 E. Second-st.,
Lima, O.

The second cash prize of \$10.00 goes to Miss Pearl Clark, 825 W. High-st, whose essay on "Are All Men Alike" gives her views clearly, concisely and beautifully written. Here it is:

WINS SECOND PRIZE

"There are certain innate characteristics which all men inherit, but in so two men are these characteristics developed to the same degree. In one man, generosity may be a leading trait, while in another the opposite of generosity may be most in evidence. One man likes the crowded thoroughfares of the city; another is quiet and wide distances of the desert; one boasts of his accomplishments and deeds of valor—another is too modest to claim his share of the world's praise. Thus we might continue, finding certain characteristics common to all men, the only difference being in the degree to which they are developed.

"After all, if they were all alike, what would we women find to talk about?"

Sincerely,
Pearl Clark,
825 W. High-st.

TAKE THE THIRD MONKEY

"As for men being alike, I have never found two men with the same personality. Their natures are as varied as the different flowers in a garden. What would women do if all men were alike?"

"Some are good, others are bad; some are indolent, others are ambitious; some aim high and achieve success while others lag behind through indifference. Many may argue that they are less fortunate and that they have not had the educational advantages and money to attain the rank they would like to acquire. That is not all in life. A manly man with a keen sense of duty and love for his fellowman will not stoop to rank attained by wealth, but eminence attained by character."

The following essays deserve honorable mention, and are awarded two prizes each to the Sigma chapter: Miss H. Hofmann, E. McKibben-st. Mrs. C. B. Carter, 825 W. Market-st. Miss Fawn Bowyer, Elida, Ohio. Miss Agnes Sonderman, 148 Grove ave. Miss Alma Harlan, 974 Brice-ave.

The winners of the three cash prizes can receive their awards by calling at The News office. Those receiving Sigma tickets can secure same at the ticket office.

NORVAL CASE TO SUPREME COURT

Test to be Made of Profiteering Charge Against Hotel

Indictment of the Hotel Norval company for alleged profiteering during the recent state convention of Ohio Elks here, is to be made a test case.

Prosecuting Attorney John L. Cable announced Wednesday he would ask leave of the supreme court of Ohio to admit the case to the highest tribunal.

In common pleas court a demurrer to the indictment was sustained. Legal counsel for both sides are willing to submit the case to a test.

It is the first case of alleged profiteering in the state to reach the supreme court for action, Cable says. The indictment was returned by the second extended session of the October grand jury, after complaint had been lodged against the hotel by Elks who stopped there during the convention, Cable stated.

In some cases, it was charged, prices of rooms were boosted to \$13 a day.

\$5,000 DAMAGE SUIT SETTLED OUT OF COURT

Suit of Harry M. Bernstein, clothing and shoe dealer, S. Main-st, against H. P. Maus, N. Main-st piano dealer, for \$5,000, alleged damages, has been settled out of court and dismissed. Attorney refused to divulge the amount paid Bernstein by Maus to settle the case.

It was on October 17, 1919, while Bernstein, riding a bicycle, was run down by a Maus piano truck, thrown to the pavement and suffered severe injuries to head, shoulders, trunk and limbs.

Bernstein charged he was permanently injured.

APPENDICITIS FATAL TO I. H. EVANS FATHER OF CHARLES J. EVANS

Isaac Hubble Evans, 65, died Tuesday night at the home of his son, Charles J. Evans, 1132 N. Main-st, after a short illness of appendicitis. He formerly resided near Columbus Grove, but of late years had made his home in Lima. He was a carpenter and contractor.

Besides the son at whose home he died, he is survived by another son, Earl Evans, Lim and two daughters, Mrs. Pearl Steele, Russell Point, and Mrs. L. C. Muncie, Ft. Wayne.

Prayer services will be held Friday at 7 o'clock at the son's home. The body will be taken to Columbus Grove, where the funeral will be held at 2:30 o'clock at the Presbyterian church. The Rev. Ralph Kohr, pastor, will officiate. Interment in Truro cemetery, near Columbus Grove.

LIMA DISTRICT NEWS IN BRIEF

DELPHOS — The St. Elizabeth's Benevolent society is preparing to bring Christmas cheer to the homes of the poor of the city. The annual collection of food, clothing and other materials for the Christmas bazaar will be made Thursday, December 23, and the baskets will be sent out on the 24th. Not only the Christmas dinner will be included, but candy and toys for the children and articles of clothing, as well as extra supplies of food will be provided.

DELPHOS — More than twenty towns and cities in this vicinity were without light for several hours Tuesday night as a result of the heavy windstorm which blew down some of the wires of the company west of Delphos. A short circuit in the large 1250 kilowatt generator at the Delphos plant resulted and Delphos, as well as Van Wert and other towns supplied from this plant were plunged into darkness.

DELPHOS — A new garage on the Fred Trentman farm one and a half miles south of Delphos, was destroyed in the storm of Monday night. The upper portion of several buildings on an adjoining farm occupied by Ben Trentman was blown away. No other extensive damage to farm buildings in the immediate vicinity of Delphos has been reported here.

VAN WERT — High wind Tuesday blew down a barn belonging to Reza Galloway, north of town, and another belonging to John Sowers, east of town. Several head of stock were killed. Another barn east of town was moved from its foundation while the home of its owner Carl Tracey lost all its window panes and the front porch.

VAN WERT — Wednesday, December 22, has been named for the all day meeting of the Van Wert-Corn Farm Bureau Federation. A. P. Sandles of Ottawa and Murray D. Lincoln, executive secretary of the state of federation will be the speakers.

VAN WERT — John R. Dyer, secretary of the industrial department of the Y. M. C. A. addressed the Rotary club on "The Human Side of Industry."

VAN WERT — Married: Gilbert Morrison, Ft. Wayne and Nellie Fisher, Van Wert; Luvall Shelton and Hilda Orton; D. L. Parker and Thelma Bowe.

JINX IN PURSUIT OF JURY WORK

Missing Jurors, Judge Absent and a Few Other Things

A jinx apparently seems to hang over every jury summoned in Allen county in the past ten days.

This time it hit the second extended session of the Allen county grand jury. Two members of the grand jury, who served at the previous sessions, failed to return for service.

Illness of Judge John P. Bailey at Ottawa, called Judge William Klingler there to hold court. Clerk of Courts Ira F. Clem declared he had no legal authority to swear in extra men for service until authorized by common pleas court. He refused to act.

A badly cut went to Judge F. C. Layton at Wapakoneta to come to Lima and start the grand jury in action. But he could not be reached. Then Judge Klingler was appealed to. He came down on an interurban car from Ottawa at noon, sacrificing his lunch to do so started the grand jury on its work in his own home county and was back on the Putnam common pleas bench at Ottawa at 1 o'clock, ready for the trial in that county to proceed.

1921 CITY FINANCING IS PROBLEM THAT WILL REQUIRE MANEUVERING

City Auditor D. L. Rupert stated Wednesday that owing to lack of funds for operating expenses for the city in 1921, that it is quite likely the first appropriation ordinance for the next year, to be passed in January, will probably provide for only three months, January, February and March.

It is hoped, Rupert stated, that the legislature will provide some means of relief, so that by April 1st appropriations can be provided for another three months period, April, May and June.

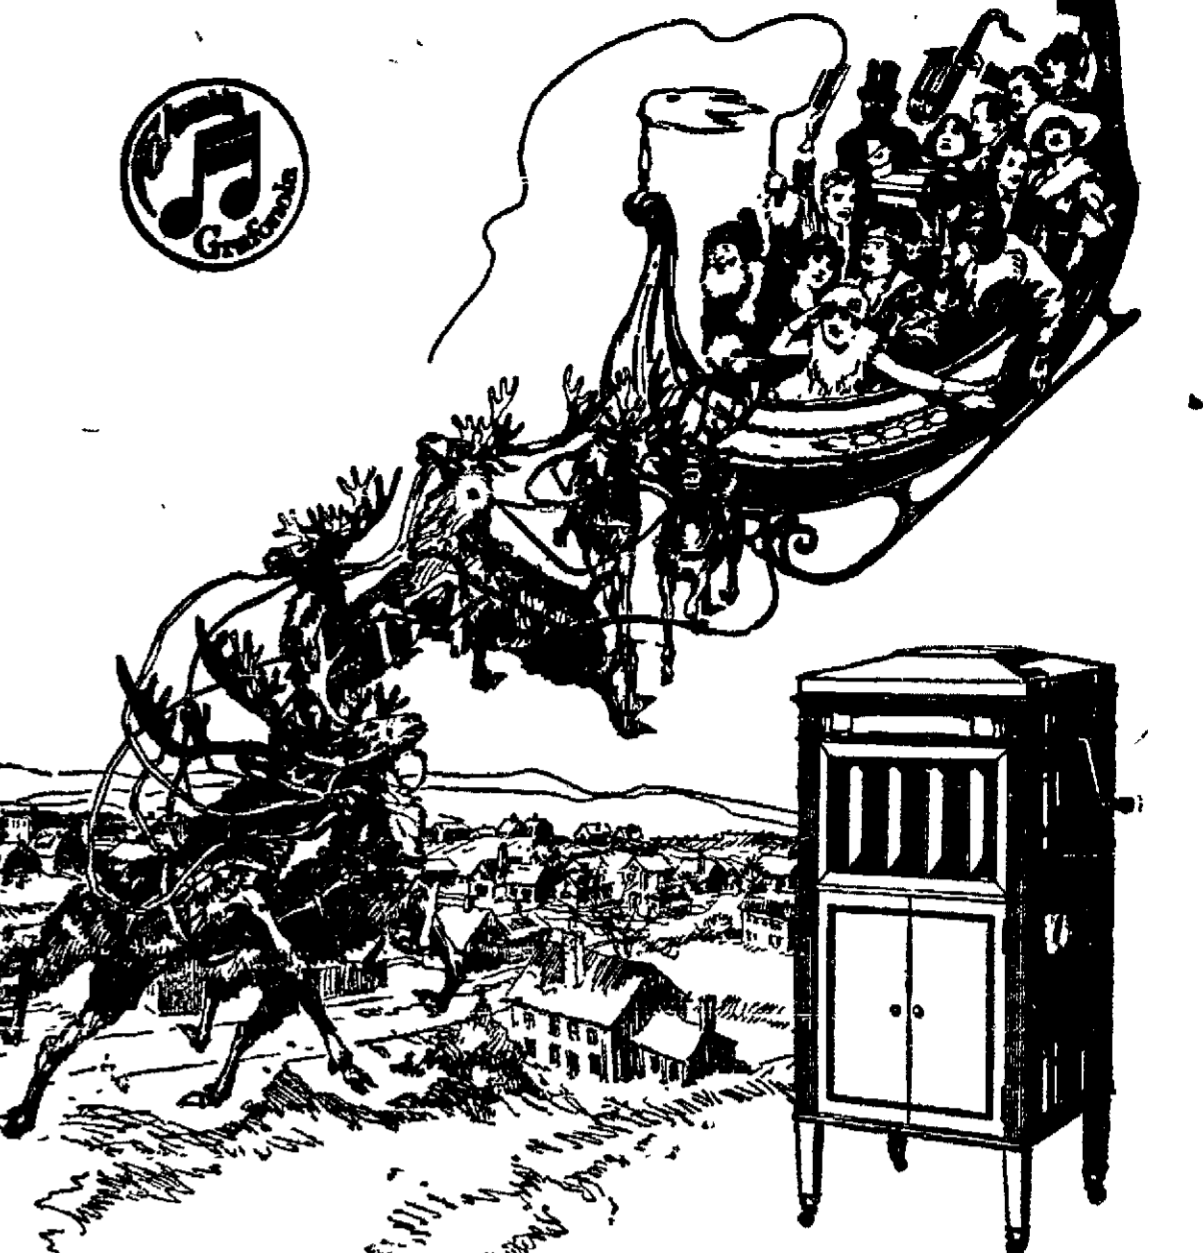

Heads of all departments of the city are required to have their budgets for the first half of 1921 in the hands of the city auditor by Monday, December 27.

Providing finances for operating expenses of the city in 1921 will require some maneuvering," the auditor stated.

COMMERCE CLUB HOLDS MEETING

Central High School Students
Hear Profitable Talks

Central High's Commercial Club held their first social meeting Tuesday night in the high school cafeteria. The room was decorated in Christmas style and was very attractive.

More than a hundred students attended this first meeting. Music was furnished by the high school orchestra, interspersing the speeches, recitations, etc.

W. E. Binkley, officiated as toastmaster and made a big hit with his clever speech and introductions. R. B. Mikesell, of Blum's store, gave the principal address of the evening. Mr. Mikesell said there are several things a graduate must have, the most important being good habits, good rating, cleanliness, neatness, education, initiative, accuracy, efficiency and service.

Mrs. Pence gave a short talk on "The Value of High School Clubs." She pointed out the advantages of these organizations both to the teachers and the pupils.

A pretty violin duet was played by Evadene and Mildred Brown. Catherine Moore and Opal Gordon presented recitations and Melba Hardin was a big success with her comic "History of the Commercial Department." This was very clever.

Mr. Binkley, in giving a short talk, showed how business is the life of a nation and how it is necessary to have careful, accurate, employees in any line of business.

A short talk by Principal R. E. Offenhauer and J. T. Cotner, head of the commercial department, closed the meeting. Mr. Cotner spoke on "To Be or Not To Be" in reference to the success of the club.

The commercial club promises to be a big success. It is something new in the high school and was formed to help the commercial student and the business men to become better acquainted. Several letters have been received by Mr. Cotner from various business men, putting themselves at his service. This is just what the club wants, for by their plans they will be able to help the business men as well as receive help from them.

HI-Y CONTINUES TOPIC OF "CLEAN ATHLETICS"

The Central Hi-Y told their regular meeting Wednesday morning. This meeting was very poorly attended and a campaign is to be started in the near future to get more of the members at these early assemblies.

Those who did attend the meeting were well pleased with the program, a continuation of the topic, "Clean Athletics." This sort of topic makes a big hit with the boys who enter into the discussion with more than ordinary pep.

A concrete example of prayer in athletics was shown by Centre College, Kentucky, who are known as "The Praying Colonels" as they pray before each game.

The meeting planned to be held on December 22nd has been postponed, due to the nearness of Christmas. The next meeting will be in the evening on the first Wednesday in January.

TIDINGS RECEIVED FROM WEST CAIRO WOMAN IN GERMANY FOR A VISIT

Friends of Mrs. George Solomon, residing near West Cairo, will be interested to know she has arrived safely in Heidelberg, Germany, for a visit with her parents and other relatives. Mrs. Solomon sends back interesting post cards, showing scenes in that country across the sea.

Germany is the birth-place of Mrs. Solomon. During the war months and months elapsed without hearing a word from relatives. She believed them dead, when, to her surprise on a morning after war clouds had floated away, came the information all were living and well.

Mrs. Solomon, arranged at once to make a visit back to the country of her birth. She applied for passports here last summer and sailed early in the fall. Cards received from her Tuesday were dated in Heidelberg on November 30.

She does not know when she will return to the United States. She says: "Everything is in good condition here; better than I had looked for. There is plenty to eat, if one has the money with which to purchase."

WATCHMAN KILLED SPRINGFIELD, O. — George Parsons, 60, night-watchman at Whitehall Farm near Yellow Springs, was instantly killed Wednesday morning when he was struck by an automobile truck while he was returning from the farm to his home in Yellow Springs.

Tuesday night was Parsons' first night as watchman, he having been transferred from a day job Monday.

Cincinnati Man Says: Nothing
Did Him Any Good Until
He Got Tanlac

"Although I have only taken two bottles of Tanlac, it has helped me so much I am ready right now to tell everybody about it," said Henry Graber, 4034 Spring Grove Ave., Cincinnati, recently.

"Yes, sir, about six months ago I commenced to feel run down, lost my appetite, felt weak and tired, just didn't seem to have a particle of energy. Couldn't sleep much, either, and didn't feel like myself at all."

"What little food I forced down caused a bloated stuffy feeling and distressed me terribly. My nerves troubled me so much it seemed that I was right on the verge of a complete nervous breakdown, and I became alarmed about my condition."

"My work is of a pretty heavy nature, and as I got weaker I became very much worried, for it looked like I couldn't hold down my job much longer, so I began taking medicine after medicine, trying to get straight again."

"But nothing helped me the least bit until I got Tanlac, and I honestly believe it is what has enabled me to keep at work. For the medicine seemed to go right to the spot, and now I feel wonderfully stronger and better in every way, and at the rate I am improving I will soon be back to my old self again."

"That tired, worn out feeling has left me, and I am now equal to the work I have to do. It is a pleasure to recommend Tanlac, and I want to say I intend to stick to it for a while to be sure its work is well done."

Tanlac is sold in Lima at Hunter's Drug Stores and the leading druggist in every town.—Adv.

EQUAL SUFFRAGE INVADES BOARD

Women to Share Farm Bureau
Management in Ohio

BRINGS CHANGES IN LAWS

Program Arranged for Meeting
Last Week in January

COLUMBUS — (By Associated Press)—Ohio farm women soon will be recognized as the compatriots of men in the Ohio Farm Bureau Federation, it was said here Wednesday by officials. Placing of farm women on an equal status with men is to be done soon in the American Farm Bureau Federation, and most, if not all, state farm bureau federations, and Ohio is on the list of those so to recognize the women.

This will be accompanied, it was said without the necessity of putting into operation any "nineteenth amendment," tho it is admitted that changes in laws here and there may have to be made by state and American federations, thru which changes women may be elevated to executive committees.

TREND STARTED IN OHIO
A great deal of the trend toward equal suffrage in the farm bureaus, it is said, came from Ohio women and men, in this state when a man becomes a member of the farm bureau that means that his entire family is a member. There is only one vote, however.

In some states memberships have been sold to both man and wife, each holding voting power. In one or two states there are separate organizations.

Recently a convention of farm women put up to the Ohio Farm Bureau Federation a suggested program for women's membership. It has the sanction of the members of the executive committee and will be up for action at the annual meeting of the Federation during farm week at Ohio State University, the last week of January.

FAMILY MEMBERSHIP FEE
This program provides:
One organization for men and women with a family membership fee of \$10 a year.

Builder

Either you are in good health or you are not. There's no half way. You may think you'll be all right tomorrow or next day. But will you? Certain it is when you do not feel just right, you are not right. There is probably something the matter with your blood. And while you can get around and do your work you are leaving yourself open to any of the diseases that are always waiting to take possession of run down people.

When you are pale and easily tired, when you cannot enjoy your meals, when you lose enthusiasm, your blood needs attention.

Take Pepto-Mangan for awhile. It is a great tonic. It will build up your resistance to disease, and you will soon feel stronger. The little red capsules are fighters. They battle with disease germs and win out when there are enough of them. Keep your system well supplied. Then you will keep well and you will enjoy life.

But be certain you get the genuine Pepto-Mangan. Ask for it by the full name—"Gude's Pepto-Mangan." Some people take it in tablet form. It is so convenient. The liquid and the tablets have the same medicinal value. Look for the name "Gude's" on the package.—Adv.

Recommendation that three women be named at large as members of the executive committee of the Ohio Farm Bureau Federation.

Women carried to the recent convention of the American Farm Bureau Federation at Indianapolis, a resolution providing recognition of their sex in the movement. They asserted that it is significant that the very first and the longest of 30 resolutions adopted by that body deals with the woman question.

It welcomes women in membership, invites them into "full participation in the task of advancing the cause of American agriculture," welcomes them "to our councils," and pledges full co-operation "in such programs for the advancement of our common purpose as shall be within the scope of this organization's activities in its endeavors to promote the welfare of country life."

No amendment to the constitution of the Federation was proposed at the Indianapolis meeting, tho it was said that some proposals had been made too late for committee action. However, the language of the resolution is taken by many to indicate that sooner or later a woman or women will be given place or places on the executive committee of the American Federation and of the State federations.

AGED MAN WINNER IN COURT SUIT

Teegarden-Altsaetter Case Verdict a Victory for Defendant

Testimony of 80-year-old Jacob Altsaetter, bent with years, 1 1/2 feet and gray, won for him the suit in common pleas court wherein division of his 80-acre farm in Section 7, Monroe-49, was denied his children.

Mrs. Lydia Teegarden, Columbus Grove, George Altsaetter and Rose Geroge were children who sued for partition, as against Altsaetter, his son, Frank, and Sarah E. Altsaetter.

Offspring who wished to share the farm presented what purported to be a deed which Altsaetter had made, devising the farm to his wife. She died two months ago. He said he was told he was signing a will when he attached his signature to the paper.

His appearance in the witness chair was pathetic, as he declared his children who sued, desired to turn him from his home to shelter as best he could. The jury set aside the deed and held the right of title to the land was the aged father. The land is worth \$250 an acre.

A fix has hung over the case since it was started last Friday. One juror, picked for service in the court house lobby, asked to go home and get on his Sunday clothes before serving. He was refused. He failed to return after the dinner hour.

Neither court bailiff, clerk of courts or four attorneys who passed him as competent to serve, knew his name. He proved to be a trusty at the Lima state hospital. The case was continued with 11 jurors.

Another juror failed to arrive Tuesday. Sheriff Baxter was sent after him before the case could proceed.

CHRISTMAS NUMBER

"GARFORD EXHAUST" COMES IN COLORS

The December number of the Garford Exhaust, a 24-page booklet, issued by the management for the purpose of bringing employer and employee closer together, a product of the Lima News job rooms, is a work of art. Chas. U. Geesey is the editor and Frank E. Gavin the art editor. The cover page art is worthy of special mention. It is a picture of Santa Claus depositing Christmas toys in stockings hanging from the mantel, while the kiddies are watching him from a vantage point of seclusion. The illustration is done in colors and is very effective. It is the work of Mr. Gavin.

The booklet, from cover to cover, is replete with offerings of interest to the employees of the Garford plant.

OLDSMOBILE AGENCY MOVES

H. C. Thew, distributor for Oldsmobile cars and trucks, has moved the location at 127 W. Elm st. where he is showing the complete line.

Mr. Thew has received congratulations from his many friends in Lima and surrounding territory on his ability to secure the agency for this attractive line.

CARD OF THANKS

We wish to thank our many friends and relatives who extended their sympathy and help at the time of our bereavement in the loss of our little daughter, "Norma." We wish to thank those for their beautiful floral offerings and also Rev. Kelley for his comforting words and the consolation found therein.

Those Beautiful Curtains of Yours

Who will launder them for Christmas?

ARE you going to bother with them yourself? Are you going to take chances on having them poorly shaped—with their newness gone, and perhaps damaged by pins and hooks—Or, will you take the better and safer course—and send them to a modern laundry?

We spare no efforts to launder your curtains in a way that will gladden your heart. No rubbing to wear the delicate threads—no strong soaps to injure the fabric—just gentle sousing in warm, pure suds, until every vestige of dirt is gone.

Then they are dried to their exact size on a special dryer and finisher. No hooks or pins are used that in home methods soon tear the delicate threads. Instead a very ingenious device holds them uniformly and without undue strain. The result, curtains that hang as perfectly as when they were new—even to the shape of the scallops.

When done in the modern laundry, your curtains last longer, keep their shape and size—and better still, retain their newness after many washings.

Let us show you how much more satisfactory our method is—and how reasonable the cost.

MERCHANTS ELECT NEW DIRECTORS

Business Men Plan Open Stores Evenings Next Week

One of the most lively meetings since their organization was staged at the Mike's club Tuesday by the Lima Merchants' Association. Important business was transacted. It was definitely decided that all business places in the city will remain open nights next week until 9 o'clock to accommodate Christmas shoppers.

Merchants said they are eager to accommodate late buyers and keeping their places open of evenings will give the working people a chance to make a better selection of gifts.

Avery Clinger, representing the Community Welfare interests, addressed the merchants on the coming community fund drive which starts Christmas Day.

An outline of the drive was presented by Mr. Clinger in his talk and the men were shown the advantages of having a ready fund to help the various charitable organizations and the poor.

E. C. Biddle, industrial secretary of the Y. M. C. A. told the merchants of "Thrifty Week" which starts January 17, through the nation, under auspices of the Y. M. C. A. It was originated several years ago to encourage persons to save more of their earnings. A fund of \$100 was voted for publicity.

Four new representatives were elected to the board of directors. They are: Mayer Mittenfoll, of the Boston Store; R. B. Dunn, of the Deisel store; E. C. Gordon, of the Gordon store and Ben Rosenbaum, of the Empire Furniture Co.

A jazz orchestra did its share to ward adding pep to the meeting.

ENTRE-NOUS NOMINATIONS

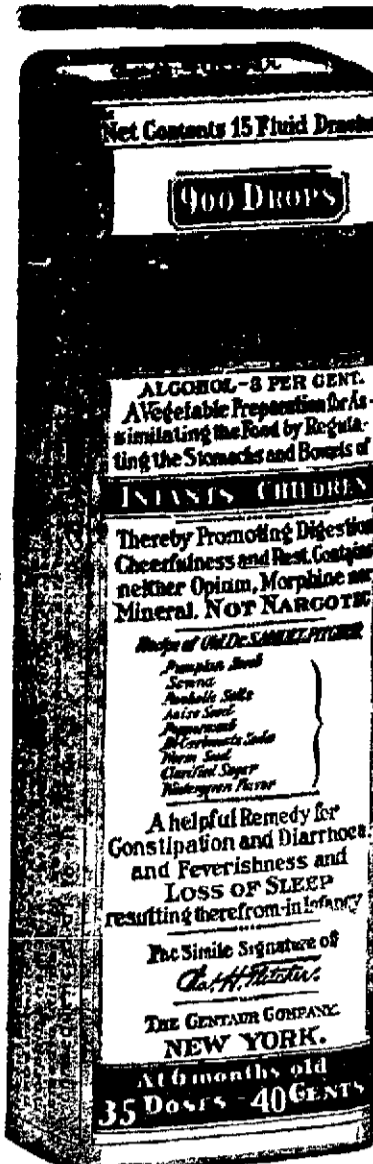

Nominating committee of the Entre-Nous club met Tuesday evening and presented the following ticket to the members: Florence Jones and Jessie Flannigan for president or vice president, the one receiving the highest number of votes becoming president Gerline Rankin and Freda Bobemeyer, secretary and Helen Brown and LeVera Kohler, treasurer.

PRACTICE ASSEMBLY

"Y. W." girls are requested to meet in the gymnasium Wednesday at 5:30 p. m. for the Christmas Carols. "Y. W." girls, together with the "Y" boys will go thru the different parts of the city on trucks the 22nd and 23rd of December, singing the Christmas Carols.

HEALTH HINTS

By WILLIAM BUNN, M. D.

THE EXERCISE BUNK
Quotations from a health department bulletin:
"Some alleged health authorities are constantly warning about the increasing mortality on this continent and its causes, which they principally lay to degenerative diseases, such as those involving the kidneys, heart and blood vessels, for which they offer various remedies—principally exercise and less food. Such writings are harmful and untrue. . . . I may so flatter myself. In fact I know of no alleged health authority or actual health authority anywhere who continually or occasionally writes about any such thing. This bulletin article is unsigned but presumably at least approved by the health commissioner of the city where it is printed. It is, I think, the first instance of a real health authority even implying that there may be any such increasing mortality. Several health authorities do frequently write and talk about the increasing death rate among people of middle age, chiefly from the type of diseases mentioned, but also from cancer. I am one such alleged health authority—I allege myself a health authority. I can cite no other proof that there is an increasing mortality among people of forty to fifty years of age in the United States than the evidence furnished by the mortality statistics of the United States Census Bureau. If those statistics show anything at all they show precisely such increasing mortality and in spite of a steadily decreasing mortality for persons of all other ages, even advanced ages. In the same health department bulletin appears this striking "Healthgram" (no health board bulletin is complete nowadays without some of these snappy things):—
"Ventilate your homes and bodies, as well as your opinions.
Well, how can one ventilate one's

body without taking exercise? Is the ventilation to be confined to the face and the hands or to the surface or should we ventilate the body inside as well as outside.
The "alleged health authorities" scarcely offer exercise and less food as remedies for the diseases the bulletin item mentions. They would be poor remedies for such diseases. Neither the alleged authorities suggest more exercise and less food as preventive measures against such diseases. And that they certainly are.
Fat, overfed, underexercised, tobacco saturated, dopy, well heeled men, traveling fast toward a premature grave, are fond of declaring that all this exercise bunk does a man no good.
Exercise properly employed increases metabolism, improves the wind, strengthens the heart, lowers blood pressure, increases the absorption of oxygen in the body and the elimination of waste matters and retained poisons, improves circulation aids digestion—well, that's enough. Does anybody offer a better preventive measure against the "degenerative diseases" mentioned in the item I have quoted?

YOUR NAME

HAMLIN

BY PHILIP FRANCIS NOWLAN
VARIATIONS — Hambling, Hamel, Ing, Ameling, Hamel, Hammel.
RACIAL ORIGIN — Old Teutonic.
NOUNS — A Given Name.
Here is a third group of family names tracing back to the ancient Teutonic given name of "Amal" or "Amala," all of which seem to bear signs of having come down to us thru sources other than the Norman-French. They deserve special discussion also as being in all likelihood much older, as family names, than others derived from "Amal."
While family names did not come into common use, and a unit similar to that of modern times, until about the eleventh, twelfth and thirteenth centuries, they were not unknown to the northern Teutonic races at a quite early period; that is, to the Franks, the Anglo-Saxons, the Danes and the Norwegians. Among these peoples there existed clan names; but the names, like the clans, were rather loosely down. The clans did not, as in the case of the Gael, constitute the backbone of the entire social and economic system.
These clan or family names were formed by the addition of the ending "ing," with certain variations, generally to a given name (in which case that given name was widespread in all its variations thru the relationship group.) Thus individuals of a community, more or less closely related, in which such names as Ethelred would be common, would bear such a surname as "Etheling" in addition to their proper names, and so such "Amal" and "Amel" gave "Amalings," or, as it is traced among the Franks of the fifth century, "A: -l: ung!"
The family names of Hamel and Ameling are the survival in France of certain of these variations. The other names in the foregoing list are more probably English developments, thru the Anglo-Saxon, which existed before the Norman invasion, and which have survived the Norman influence.

SAVING THE BABIES

STATE statistics indicate, or rather positively establish the fact, that the reduction of infant mortality in Lima has been most marked.
There are various contributing causes that aid in bringing about this situation, one of the most prominent of which is more care given to the purity of milk secured for the little ones. Health campaigns too have had much to do with the general results along the line of saving the lives of infants under one year of age.
More scientific methods are adopted from time to time and generally disseminated, for the benefit of mothers of babes, to the end that the records of undertakers bear constantly decreasing numbers of names of little ones who are taken by death before they have a chance to defend themselves from the encroachments of the grim reaper, due to the helplessness of infancy.
Every little life brought into this world deserves the very best care and attention that loving kindness and science can conceive. Anything less than that is unfair to the children of today who will be the men and women of tomorrow. Lima people are proud of Lima institutions that throw about the young healthful and cleanly and mind developing and muscle expanding influences, in aid of the battle that must be faced by those who survive the period of transition from infancy to maturity and it is certainly gratifying that this care and caution is not being confined to boys and girls, but reaches back earlier in life, doing for the babe in the cradle the things it cannot do for itself.
From the old world comes "the cry of the infants." In the wake of war and its ravages death reaps a rich harvest and the babes are the first taken. In this country there is no need of great mortality among the young and the percentage is being rapidly reduced. There should be no intermission or letting up of the good work.

WHAT FARMERS WANT

THERE are only a few things the American farmer wants at the hands of congress, but these things are very important to him.
Just run over the list and speculate with yourself as to how much chance there is of a realization of the desired changes:
Strengthening of the federal farm loan system.
Interstate commerce legislation making compulsory honest advertising and labeling of woolen fabrics, food and drugs.
Development of inland waterways with ocean outlets.
Enactment of cooperative credit plans to provide funds for farmers.
National control of packers.
Immigration laws which will maintain American standards of citizenship.
Operation of air nitrate plant by government or lease for the purpose of providing cheap fertilizer.
Appropriation of funds to permit department of agriculture to make studies of cost of production of farm products.
Amendment or interpretation of the anti-trust laws which will make it legal for the farmer to engage in collective marketing.
Disapproval of any system which denies to the individual the right to work in any place where his industry is needed and at any wage that is satisfactory to him.
This is indeed a comprehensive program and one that scarce anyone can find fault with, save and except the big captains of industry who perhaps are jealous of the "hold" they have on things material and who dislike meeting up with any sort of new fangled ideas that are untried and which mayhap will threaten the serenity of their position, generally.
That the farmer is about to become a national lobbyist, seems to be apparent. He probably takes the view that "everybody's doing it," so why not himself?

FELL THE "FOREST"

"WOODMAN, spare that tree!" That is an expression of sentiment that fits well when the axe is about to be applied to a sturdy growth that is surmounted by spreading branches with its myriad of leaves that afford grateful shade on a summer day or which play their part in making up inviting woodland, where one may retire and enjoy a closer touch with the beauties of nature.
But this has nothing whatever to do with the "forest" of unsightly poles that mar the appearance of the streets in Lima's downtown business section, where beautiful boulevard lights have been erected, in some instances so close to the poles that carry far overhead a myriad of wires that the light from the standards is almost entirely cut off.
For several years past sporadic efforts have been made to bring about the much to be desired removal of the poles that have always been a nuisance and a black eye in Lima's streets. Before America's entry into the world war a campaign against these destroyers of or detractors from civic attractiveness was giving every evidence of success. Then came our participation in the struggle of right against might and everything was forgotten while America speeded up production along the lines that would help to win the war and have it over as quickly as possible.
Something like normal conditions have again returned. Public improvements are being made, thousands of dollars are being expended for civic beauty and utilitarian enhancement. In the face of all this we still permit to exist a condition that detracts from the effectiveness of any movement along that line to a degree that all but robs advance of its heritage.
Lima is one of the very few cities that permits a forest of uninviting looking poles to clutter up its main thoroughfares, a hindrance to foot traffic, displeasing to the eye and dangerous withal, to say nothing of the part they play in shutting off from view the things that are designed to be inviting.
There should be no further delay in ridding the streets of poles and their weight of wires. Place them in the alleys, or in conduits, where they belong.

"KEEP THE POT BOILING"

IT is indeed a careless observer on Lima's business streets who does not see the Salvation Army kettles on prominent street corners, suspended from tripods and hear the tinkling of the little bell in the hand of the person delegated to watch over each pot.
And too, those who persistently pass by these novel appeals for offerings of coin to be part and parcel of a contemplated total for the alleviation of sufferings and bringing Christmas cheer, as only the Salvation Army knows how to apply it, are indeed lost to a realization or appreciation of the wonderful part the Salvation Army has for years played in the uplift of the fallen, going into the dark places in the highways and byways and seeking out for succor those who need all the aid and ministrations that loving hearts and willing hands can afford.
Also, those who hear not the appeal and whose hearts are not softened, are indeed neglecting the Divine injunction of "Inasmuch as ye do it unto the least of these, My children, ye do it also unto Me." Recall the heroic sacrifices made by the women in the garb of the Salvation Army with whom the call to duty was so strong that the most stern order would not prevent them from finding their way to the very forefront of the fighting with a cheery word, a smile, a supply of chocolate or doughnuts, so acceptable to the men who were there, facing the enemy, on guard in the still hours of the night, waiting for the zero hour that would bring the order "Over the top!"
Remembering these things, who can refuse to aid the Salvation Army in the great work it still is doing?

396,350 GROWTH IN IMMIGRATION

Increase in Alien Arrivals Shown by Secretary Wilson

11,795 EXCLUDED AT PORTS

Departures of Foreigners During Year Totaled 428,062

WASHINGTON — (By Associated Press.) — Establishment of machinery overseas in cooperation with foreign governments thru which aliens before breaking up their homes may determine whether they will be admitted to the United States and legislative consideration of the proposals of the Second Industrial Conference are outstanding recommendations in the annual report of Secretary Wilson made public here.

The Labor Secretary devotes much of his report to discussion of immigration and the expulsion of aliens altho the Bureau of Immigration has assumed to itself power not only to make recommendations, but also to make findings.

The report shows that 633,571 aliens arrived in this country during the last fiscal year as compared with 237,021 the year before. Of the total arrivals 11,795 were excluded at the ports where they sought to enter. Of those arriving 430,001 are classed as immigrant aliens and 195,575 as non-immigrant aliens. Departures of aliens totaled 428,062, including 238,315 emigrant aliens and 189,747 non-emigrant aliens, making the net increase in the immigrant population for the year 193,514.

Turning to the industrial situation, Mr. Wilson urges legislative action to carry out the recommendations of the Second Industrial Conference proposing joint organizations of management and employees

for prevention of industrial disputes and a comprehensive plan for adjusting such disputes when they occur. Attention is called that during the year the Labor Department's division of conciliation was called upon to utilize its good offices in more than 3,100 industrial disputes "directly involving more than 3,125,000 workers and indirectly involving more than \$500,000."

"The Department," says Mr. Wilson, "stands for collective bargaining. It recognizes collective bargaining as in the nature of 'gentlemen's agreements' in contradistinction to legally and forcible contracts. Collective bargaining cannot be regarded in the same category as ordinary contracts, because there is no mutuality. The employer does not agree and cannot agree to give steady employment to all the wage earners concerned nor to any specific number. Consequently the workers included in such a bargain could have no legal claim except that that they were actually employed by the other party to the bargain and at his discretion. There would be no fairness in making such contracts enforceable at law. To permit collective bargaining to be legally enforceable would be to discourage the making of them. To leave their fulfillment to the good sense and good faith of each side would encourage their making and thereby promote industrial peace."

"Gets-It" For Hard or Soft Corns

Satisfaction Guaranteed With This Corn Remover.

Common sense tells anybody that the way to cure a corn is to remove it, and not—banish it entirely.

Don't Destroy Your Corn. Let "Gets-It" Remove Them—Painlessly! Quickly!

Not only hard corns and not only soft corns but every kind of corn surrenders to "Gets-It," the national corn remover. It takes weeks or months to grow a corn. It takes just a few seconds to stop its growth with two or three drops of "Gets-It." Quickly it loosens so you can peel it right off without the least twinge or hurt, and it is gone!

"Gets-It" is the never failing, guaranteed, money-back corn remover, costs less than a trade at any drug store. Mfg. by S. Lawrence & Co., Chicago.

DEPENDABILITY

MOTIVE power—sufficient locomotives fit for maximum service—is the prime factor of dependable railroad operation, particularly during the stress of winter storms. And the public will be interested to know the present state of preparedness of these lines—what has been done to insure the fulfillment of their shipping and traveling necessities.

Only motive power of the highest order can consistently win the battles against zero temperatures, mountainous snow-drifts, ice-laden tracks and switches and wintry gales, which multiply the difficulties of every train over every mile of line.

To insure dependability of service under the adverse conditions of winter operation, an intensive campaign for motive-power preparedness has been prosecuted by these lines.

Immediately following the termination of Federal control last March, 206 new locomotives were ordered constructed, 82 of which are already in service. Others are being delivered daily, and the balance are well advanced in the course of construction. But measured by the total number of efficient locomotives added to active service, the rehabilitation program of the New York Central Lines amounts to several times the new construction schedule.

In the eight months ended November first, 4,029 locomotives, or 63% of the total number owned by the New York Central Lines, have been given "heavy" repairs, which, for practical purposes, makes them new locomotives.

The progress that is being made is an assurance to the public that the New York Central Lines recognize the obligations of preparedness.

SOCIETY AND CLUBS

Mrs. William J. Wemmer, W. Market-st., delightfully entertained the members of the Happy Hour club with a luncheon at the Elk's Home Wednesday. Centering the table was an artistically arranged rustic basket filled with poinsettias and tied with red and green tulle in keeping with the Yuletide season. The appointments carried out the prevailing color scheme. Following the luncheon the members repaired to the Wemmer home, where an afternoon of bridge was enjoyed. Tea was served at 5 o'clock.

Members of the club enjoying the hospitality of Mrs. Wemmer included: Mrs. Harry Wright, Mrs. P. A. Kahle, Mrs. Henry Deibel, Sr., Mrs. Frank Wright, Mrs. Henry Wemmer, Mrs. C. C. Bauer, Mrs. M. M. Keltner, Mrs. Jacob Renz, Miss Nina Steuber, Miss Flora Bowers, Mrs. Charles Ackerman and Mrs. H. O. Bentley.

Mrs. A. A. Stoly charmingly entertained the members of the Triumphant Euchre club at her home Wednesday afternoon. Baskets of cut flowers were placed about the rooms in which the tables were arranged for play. A delicious tea was served at 5 o'clock by the hostess assisted by her daughter, Mrs. Clyde Bowers.

Guests included: Mrs. P. Stein, Mrs. Vincent Connelly, Mrs. John Graff, and Mrs. Charence Stechschulte, Leipsic. Members included: Mrs. James Duffield, Mrs. Morris Foley, Mrs. Charles Dimond, Mrs. Joe Dimond, Mrs. Dan O'Connor, Mrs. John O'Connor, Mrs. M. McNamara, Mrs. Joe Madigan, Mrs. P. C. Ireton, Mrs. John Shanahan, Mrs. L. J. Hanley and Mrs. Walter Conroy.

Mrs. Mary Jeanette Judy, St. Mary's, entertained the members of the Sunbeam class of the Methodist Sunday school at her home Monday evening. The affair was given in celebration of her eleventh birthday anniversary.

Those enjoying the affair were: Genevieve Titus, Luellen and Gertrude Anderson, Mary Catherine, Saida Custer, Mary Margaret and Onoucia Sunderland, Cairyn Mayers, Margaret Henschen, Ruth Connor, Mary Jeanette Judy, Gala Langhorst, Lillian Boltz.

Announcements were received Tuesday of the marriage of Miss Geneva Inez Smith, daughter of Mr. and Mrs. V. A. Smith, Beaumont, Tex., to William Samuel Patterson, Bellefontaine. The marriage took place in Beaumont Thursday, December 9th.

Mr. and Mrs. Patterson will be at home at 724 Irma-ave, Beaumont.

Both are well known here. Mrs. Patterson has been visiting here during the summer months with Miss Dorothy Kahle, W. Market-st. Mr. Patterson frequently visited with friends in Lima.

A pretty and quiet wedding occurred at 2 o'clock Tuesday afternoon at the home of Mr. and Mrs. Frank Winget, 717 W. Auglaize-st., Wapakoneta, when their daughter, Carolyn Andrews, was united in marriage with Herbert Cook, Springfield, Rev. W. W. Motter, of the Methodist church in Wapakoneta, officiated in the presence of the immediate families and a few intimate friends.

The members of the Houroaux Temp club will be entertained at the home of Mrs. Harold Smith, N. Charles-st., Thursday afternoon instead of Mrs. D. Huber as was formerly planned.

Miss Regina Brown, Toledo, is visiting with her parents, Mr. and Mrs. M. Brown, W. McKibben-st.

Mrs. Joseph Schmitt will entertain the birthday club at her home on W. Bank-st., Delphos, Thursday afternoon.

Mr. and Mrs. William Slottmeyer, Delphos, were guests of friends in this city Tuesday.

The Utility club will be entertained with a Christmas party at the home of Mrs. George W. Hightfield, W. High-st., Friday evening.

The home of Mr. and Mrs. Ira Wagner, 908 W. Spring-st., was the scene of a delightful affair on Tuesday evening, when they opened their home to the members of the Domestic Science club and their husbands. A beautiful dinner was served at 6 o'clock. Rev. G. R. Meli conducted the devotional. The decorations were especially attractive and suggestive of the Christmas season.

Following the repast an interesting Christmas program was given. Mrs. George Hall gave several splendid readings comparing the first Christmas with the Christmas of today. Following this Mrs. Ella Churchill DeWeese gave "The Byrd's Christmas Carol." Mrs. Bachman of the Day Nursery, who was a guest, gave an interesting talk on the work of the Day Nursery. Then Santa Claus descended from his mysterious somewhere and distributed gifts to all in attendance. One small boy discovered that it was not the real Santa Claus but Dr. H. C. Bennett, who had been appointed as an assistant. Old fashioned games and music were enjoyed until a late hour.

Guests included: Mrs. Bachman, Mrs. Bessie Copeland, and son, Charles and Miss Pauline Hurt.

Mrs. James Duffield, W. North-st., was hostess to the members of the Triumphant Euchre club at the Elk's Home Tuesday afternoon. The tables were arranged in the drawing room, which was made unusually attractive with bows of roses and ferns. Following an afternoon of bridge Mrs. Mary Daley and Mrs. Matthew McNamara received the prizes.

Guests other than members were: Mrs. Mary McGary, Mrs. Simon Spellacy, Mrs. William H. Duffield, Mrs. Mary Daley, Mrs. Mary Mulcahy, Mrs. Vincent Connelly and Mrs. Donahue.

Miss Anna Riley, W. McKibben-st., welcomed the members of the Du Pont club at her home Tuesday evening. Dancing and music were enjoyed and later a two course luncheon was served.

Members of the club include: Misses Callista Fisher, Anna Riley, Dorothy Crumrine, Catherine McFarland, Helen Tracy, Marie McNamara, Marcella Teltz, Catherine Runger, and Loretta Kelley. Guests were: Miss Delphine Burns and Miss Regina Brown, Toledo.

A welcome party was given at the home of Mr. and Mrs. Edgar Moeller, St. Mary's, Sunday evening.

Those present were: Irene Rontiger, Myrtle Wietolter, Amanda Topp, Frances Ruess, Clara and Hilda Stenecker, Victor Hirschfeld, Raymond Hooper, Leo Wietolter, Leo Topp, Herbert, William and Edward Donnerberg, Gust Katterheirich, the latter from New Knoxville; Mr. and Mrs. Harry Vornhold and Earl and Arnold Hegemeyer.

Mrs. S. W. McFarland was a charming hostess to the annual Christmas party of the Irving club at her home, 206 S. Blackhoof-st., Wapakoneta, Monday evening. Sixteen members responded to roll call with original Christmas poems. An interesting program appropriate for Christmas was given and later refreshments were served.

Mrs. E. M. Webb, Terrace Court, welcomed the members of the Al-torretta club at her home Tuesday afternoon. Euchre was played throughout the afternoon and at the close of the game Mrs. Fred Stevens and Mrs. D. H. Gilbert held high score among the members and Mrs. J. M. Gallaple was presented with the guest prize. Tea was served at 5 o'clock by the hostess.

The next meeting of the club will be held with Mrs. F. H. Foutz, E. North-st.

Mr. and Mrs. Gus Holstein, W. Elm-st., will leave Sunday for St. Petersburg, Fla., where the will spend the winter months.

Miss Lois Thomas, daughter of Mr. and Mrs. C. E. Thomas, W. Spring-st., who has been spending the past fifteen months in Denver, Colo., is expected home Saturday.

Miss Edith Trau, Cincinnati Art school, will arrive the latter part of the week to be the guest of her father, E. A. Trau, W. Spring-st.

Miss Katherine Gramm, S. Cole-st., will entertain during the holidays at her house guest, Miss Helen Kershner, Bowling Green.

An interesting meeting of the Etude club was held Tuesday morning with Miss Katherine Gramm, S. Cole-st. Mrs. William Polce was leader and she discussed "The Don-do." Miss Helen Jones played "The Rondo in B Flat Major, by Mozart." "Silently Blending," by Mozart, was sung beautifully by Mrs. J. E. Evans. Mrs. Warren Snyder played Chopin's "Harvest." The next meeting will be held with Mrs. J. M. Patterson, 533 W. High-st.

Miss Kathryn Schaefer, who is a student at the Emma Willard school, Troy, N. Y., will arrive the latter part of the week to be the guest of her parents, Mr. and Mrs. A. E. Schaefer, W. Market-st.

Dazzling! Pretentious! Captivating!

"The Rainbow Revue" still continues to be the talk of the town. Last time today for "Fleekie Women".

"The Rainbow Revue" still continues to be a topic on every tongue in Lima. It being generally admitted that nothing to excel it as an entertainment feature has ever been shown here before in motion picture circles. At first it was difficult for Lima people to realize that an aggregation of 23 actual-to-goodness people was contemplated, for they naturally could not understand how it could be done. But they came—and they have conquered, for nothing in the matter of entertainment more popular or more generally liked, has ever been seen in Lima.

MISS MARJORIE SQUIRES

Contralto Singer

Sigma Theatre Has Concert Singer to-day.

Marjorie Squires, the young contralto, who has been meeting with unusual success—creating a real sensation by her glorious voice—is an American girl and a splendid example of what can be accomplished along artistic lines in these United States. At the age of eight years she began the study of music; at seventeen and a half years she made her first public appearance as a singer with the Cincinnati Symphony Orchestra, her success was so pronounced she was immediately engaged for several concerts. When the war broke out, like other patriotic girls, she gave up all to do her part for her country. After the war she settled in New York, and has been appearing in concert with phenomenal success. Rosa Raisa, with whom she appeared recently at the Maine festivals, declared her voice to be one of the greatest young contraltos of the age.

Miss Marjorie Squires will prove an unusual offering for a photoplay theatre, her appearance being made possible only through the courtesy of Mrs. Bendix, New York City.

Miss Squires will sing the Aria, Don Patate by Verdi, from Don Carlos, and the Indian Love Song, "By the Waters of Minnekaqua," as an added attraction to J. Pennington Cooper's historical photoplay, "The Last of the Mohicans," which opens a four days engagement at the Sigma Theatre to-day.

The Community Fund

What It Is—

SUPPOSE NOBODY CARED

The Lima Community Fund—was organized on the plan adopted and used by many other cities in all parts of the country to promote co-operation and prevent duplication in charity work; to centralize the collection of funds and thus reduce collection costs and save the time of the individual organization workers for charitable service.

\$100,000 is the goal set for Lima. This amount is not the result of guesswork but the result of a comprehensive survey and investigation of the needs of the city's charitable and welfare organizations. Each of the organizations whose needs are to be met from the Community Fund submitted their budgets which were passed on by the Service Committee, the Ways and Means Committee and the Executive Committee who vouch for their authenticity.

Why a Community Fund?—

SUPPOSE NOBODY CARED

Up to the present time Lima's social agencies have led a very competitive existence. Each agency depended on the same few generous people for the greater portion of the financial support. Or they followed one another in soliciting from the public until everyone was annoyed to desperation.

Yet more money was raised altogether than is being requested in this campaign. How was it raised? Think back a year or so. Drive after drive, tag days, bazaars—what not. For instance, in one middle-west city, where there is no Community Plan, there have been over 150 tag days since the first of the year. Again there was always the danger of fraudulent solicitation. YOU had no way of inquiring specifically and investigating the cause to which you had been asked to contribute, and unless you personally knew of the work, you had no assurance of its needs, its honesty of purpose, or the niche it filled in the community.

How the campaign will be conducted—

SUPPOSE NOBODY CARED

The territory has been divided into small neighborhood districts so that each worker will have a small number of calls to make. Each of these workers will go out Sunday afternoon to leave literature explaining the campaign fully, and make a list of the people in his or her district. Then on Christmas Day a quick trip will be made to get your pledge or your cash. You can either give cash or pledge yourself to pay a certain amount each month for six months. Be prepared to give to your utmost, so that it can not be said that "Nobody cared."

How the Fund will be handled—

SUPPOSE NOBODY CARED

The dollars you contribute to the Community Chest are spent by trained men and women who know that they must give strict accounting. Every expenditure is recorded, all books are audited by public accountants. The books of the Community Fund are open books. SOUTH HI GETS NEW ATHLETIC FIELD AS YEAR'S REWARD

Definite action was taken by the city school board at its regular semi-monthly meeting Tuesday night that assures South HI of a new athletic field next year.

Approximately \$2,500 will be spent by the board in changing the mud hole at the west of the school into a modern football field, baseball diamond, a half-mile cinder track, and a number of regulation sized tennis courts.

When completed, the field will represent one of the best athletic grounds in Lima and is something which assures a better grade of sports in South HI.

Judge Jackson, who coached South's football team the past season, is probably more responsible than any person in promoting the South HI issue before the school board.

When it was first considered, school officials said it would be impossible since it would take about 6,000 loads of dirt to fill the hollow.

This was smoothed over when Charles Farley, a former college athlete, came to the front and offered the dirt free. Farley is in charge of the construction of the St. John's ave, sewer and the dirt will only have to be hauled from about two blocks away.

JACKSON IS PRESENT
Judge Jackson was present at the meeting and told members of the board that if they would buy the material he would take personal charge of the work and would recruit a working squad among the students and would start as soon as possible.

A high board fence will be built around the entire field, with a large gate on the north end. Bleachers will be built and the ground leveled, trees cut down and thoroughly cleaned.

Guy Butler, president of the school board and a south side drugist put his shoulder to the wheel and in a large measure was responsible for the favorable action taken by the board. Supt. Collins was also known to favor the project.

GIPP FUNERAL TO BE HELD THURSDAY

LAUREL, Mich.—Funeral services for George Gipp, Notre Dame football and all-American fullback, will be held Thursday. It was announced.

Gipp died of pneumonia Tuesday at South Bend, Ind., following three weeks' illness.

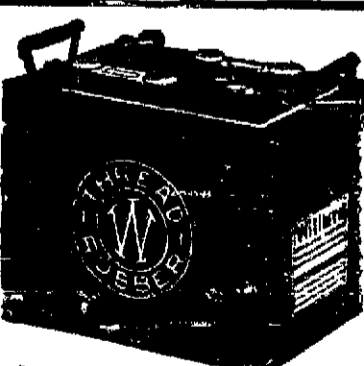

His body was expected to arrive here Thursday from South Bend. Members of the Notre Dame eleven are accompanying the body and will act as pall bearers.

DOWNNEY WINS

M. H. Sexton, left; Judge K. M. Landis, center, and John A. Heydler. Baseball's heads are pulling together once more. With the warring factions brought together by the selection of Judge K. M. Landis as the supreme power, the major and minor leagues are pulling to put the game back on a high plane and cleanse it of all the muck it has picked up. The picture above shows the spirit now. Judge Landis is the connecting link and binding power between the majors and minors. M. H. Sexton, president of the National Association of Professional Baseball Leagues (the minors), represents the little fellows. John A. Heydler is president of the National League.

NOT SURE OF GRID GAME FOR TEACH

MORGANTOWN, W. Va.—Harry A. Stansbury, director of athletics at West Virginia University, declared today that the announcement carried in press dispatches from Atlanta, Ga., last week of a football game between Georgia Tech. and West Virginia University was premature.

He said that all negotiations for the game had been terminated and that there was no possibility of the two institutions meeting next season. Director Stansbury said that Bucknell University would play at Morgantown, October 15, 1921, instead of the "Golden Tornado."

The director of athletics also announced that Ohio University of Athens, Ohio, had agreed to play West Virginia at Morgantown next fall on a date to be selected later.

The 1921 football schedule for West Virginia University is now nearing completion and within a few weeks all details will be closed. The schedule will then be announced, Mr. Stansbury said.

KID NORFOLK IS TITLE HOLDER

NEW YORK—Kid Norfolk, Baltimore, won a ten-round decision and the colored heavyweight championship belt from Bill Tate in the semi-final of the Dempsey-Brennan card Tuesday night in Madison Square Garden.

Charley Wolcott won a ten-round decision from Bartley Madden and Marty Farrell beat Frankie McGuire, by decision in the other preliminaries.

Students Honor Judge Jackson

WITH A new athletic field assured South HI, students there Wednesday are much elated and talk is being started to name the new grounds "Jackson Field," in token of Judge Emmett Jackson's efforts to promote south side athletics and his interest in getting favorable action from the school board.

INDIANS TO TRAIN AT DALLAS

CLEVELAND—Dallas, Texas, has been tentatively selected as the spring training camp of the world's baseball champions, according to President James C. Dunn of the Cleveland American League club. The selection, Dunn said, had been left entirely to Manager Speaker.

Nine exhibition games have been either definitely or tentatively arranged. Two are with the New York Giants and two with the Cincinnati Reds at Dallas, two with the Reds at Cincinnati, two at New Orleans with New Orleans and one at Indianapolis.

GRACE M. E. TO PLAY TONIGHT

The Grace M. E. basketball team plays the Vaughnsville M. E. quintet in a game tonight at the Grace gym, corner Kibby and Elizabeth-sts. The visitors defeated the locals last Friday by only a small margin and the game tonight will be a revenge.

BRENNAN GIVES DEMPSEY HARD FIGHT; FALLS IN 12th ROUND

By HENRY L. FARRELL.
(United Press Staff Correspondent.)
NEW YORK—The world's heavyweight crown still rests on the scowling brow of Jack Dempsey.

But the face under it was somewhat altered Wednesday. The left ear of the champion was smashed and torn, his lips were puffed out and cut, his jaws were swollen and his eyes were puffy and red.

He was not on the pasture-like stretches of Central Park Wednesday morning. He was in bed late, tired and worn from going the longest distance of his career and from taking his worst beating.

Bill Brennan, the big husky Chicago heavyweight lasted 12 rounds with the "man killer" Tuesday night in Madison Square Garden and in those 12 rounds he made the champion work the hardest he has ever worked and take more than he has taken.

Two vicious punches in the stomach and a smashing right on the head in the middle of the 12th round folded Brennan up and he fell on his head and elbows in a neutral corner, knocked out.

He tried gamely to rise and stay out the few rounds remaining but the steady pounding on his head and stomach, rights and lefts that whacked against him like blows of an air riveter had sapped every bit of endurance.

"TAKE THE COUNT"
"Take the count," his seconds were screaming from his corner. He took the count—because he had to.

Close to 15,000 spectators gathered with the expectation of being home early. Instead, they stayed late and were given the surprise of their lives. The gallery gods, away up in the smoke clouds around the rim of the roof, several times were in violent uproar with the laughter they were seeing a championship change hands.

The crowd was startled by seeing the proposed easy mark the victim of the public's demand to see Dempsey in action, rush out of his corner in the first round and smack the champion on the jaw. They were more startled to see Brennan carrying the fight to the champion and leading all the time.

CHAMPION ROCKED
Brennan rocked the champion twice with vicious rights in the second round, and brought a black scowl and bared teeth to the face of Dempsey.

The third round passed and the crowd began to wonder. It was wondering more and more up to the eighth when the tide began to turn.

Brennan had won the first five rounds and was even up to that eighth, when Dempsey got thru two crushing blows to his stomach. The Chicago fighter winced with pain and he went to his corner open mouthed and fagged.

From then on Dempsey won. Although tiring himself, the champion had more endurance. He had more steam in his punches and more energy left to get around.

"Dempsey was a bit over-trained and slow," Jack Kearns said Wednesday.
JACK OVER TRAINED
The champion was drawn to a very fine point when he entered the ring. He was pasty in the face and didn't have a superfluous ounce. He was cold, too, it took him five rounds to get warmed up enough to show anything like his form.

Against the rugged Brennan, Dempsey had the same kind of a proposition Benny Leonard had with Joe Welling, another Chicago iron man.

Dempsey had to beat him into submission and he went to the heart and stomach to do it.

Dempsey had only two fights in 17 months. He showed the results of his inactivity. He rushed frequently, his timing was slow and his eye was off.

True, he won his fight and retained the championship, but he lost a lot of his "color." He has taught the fans to expect a victory in a punch or so, or in a round or so, and this took so long to get a hard strong fighter, the crowd filed out with the thought that—"Somebody's gonna get 'im."

"What shall we get him for Christmas?"

MAKE your Christmas present something he will be glad to have—something that will fill a real need all the year 'round.

Nine out of ten men, for instance, will tell you that their faces are tender or their beards are tough.

This is only another way of saying that their razors pull and scrape—that after shaving their faces burn and smart. It is rapidly dulling blades that make shaving a daily discomfort for so many men.

What more welcome Christmas present could you give such a man than a razor that sharpens itself?

Built right into the frame of the AutoStrop Razor is a simple, efficient

stropping device which quickly sharpens the blade. It renews the edge in a few seconds, without removing the blade or taking the razor apart.

AutoStrop Razor users are guaranteed 500 satisfying shaves from every dozen blades.

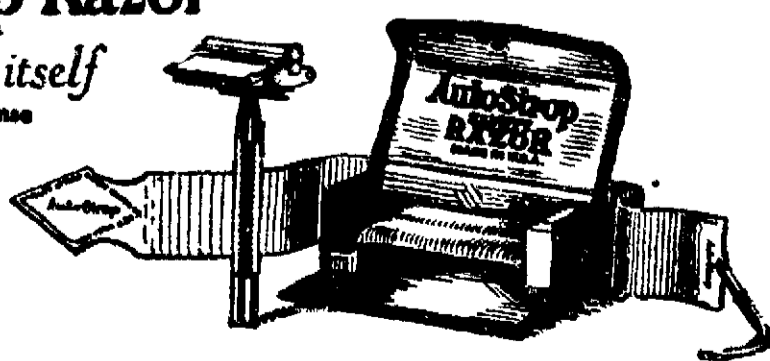

This unique razor is a Christmas gift a man will enjoy day after day—something that will mean real shaving comfort every morning of his life.

Make your gift this Christmas an AutoStrop Razor. Ask your dealer today to show you the many different styles of AutoStrop Razor outfits—from the folding pocket kit to fitted and complete traveling sets—from the standard set at five dollars to the sterling silver set at twenty-five.

"DINTY," NEILAN'S SCREEN HERO

Fighting Head of 'Newsboys'
Trust in New Picture

A STORY OF WILL TO WIN

Theatre Directory Gives Assurance of Fine Programs

(By ESTHER WAGNER.)
When Marshall Neilan sought in his mind for a hero for his next great picture, he figured that a member of the headlines, bustling profession of newspaper marchants would be about the right thing, and the more he came to know of Dinty—that's the name of the juvenile hero—the more he came to love, and respect him, and the gladder he was that he made him a newsboy, since from that lowly walk of life have struggled upward into fame so many of the nation's best, biggest and most helpful of men.

With a bundle of newspapers under his arm, and a voice twice as loud as any other kid in San Francisco's Chinatown, "Dinty" fights the world for a living, and makes himself Newsboy King, at the head of the "Newsboys' Trust." He does it all to provide a home for his old Irish mother. Then when his mother dies, "Dinty" has to fight down the feeling that life "isn't such a much" after all, and he battles to get back into the game and make himself the success his mother always longed to see him.

One night he picks up a wallet belonging to Jack North, the third assistant district attorney, and returns it to him. This is the beginning of a very real friendship between the two, and "Dinty" just naturally begins to fight for the 3rd A. D. A. Later when North's fiancée, Ruth Whitely, is kidnapped by "King" Dorkh, Malay half-breed and leader of a gang of cutthroats, "Dinty" puts up the one great fight of his life for her.

"Dinty" and his gang are perfectly familiar with Chinatown, both on the surface and underground, and this familiarity enables "Dinty" to do a little detective work in just the right way and at just the right time. Then comes the big fight.

There is a beautiful love interest in the story, and in this course, "Dinty" has a hand, while running a little romance of his own on the side. It comes to Lima soon.

THE BEST SUPPORT IN THE WORLD FOR A RUPTURE IS THE HUMAN HAND

The WORST Support Ever Devised, is a Hard, Unyielding Knob, or Pad, Pressed Into the Rupture By a Steel Spring---Thereby Preventing Nature From EVER Having a Chance to Bring About a Healing of Parts

The Brooks Appliance most closely resembles the human hand as a rupture support. You will notice the first moment you put on a Brooks Appliance, the pliable, flesh like touch of the velvet finished rubber and it will take only this first experience of comfort and security to make you decide ----"This is what I want."

For the benefit of our readers we take pleasure in publishing the Brooks offer to save all who are ruptured from wearing makeshift trusses that do not cure.

No man or woman ever can look and feel his or her best while suffering the torment, pain and discomfort of rupture.

Every day that you suffer from rupture---every hour of truss torture that you endure---after you read this page is your own fault.

For many years we have been telling you that no makeshift truss will ever help you. We have told you about the harm ill-fitting trusses are doing. We have told you that the only truly comfortable, sanitary and scientific device for holding rupture is the Brooks Rupture Appliance.

Now, we offer to prove it to you, entirely at our own risk. We will send you a Brooks Rupture Appliance *on trial*. If you really want to be rid of your rupture fill out the coupon below and mail it today.

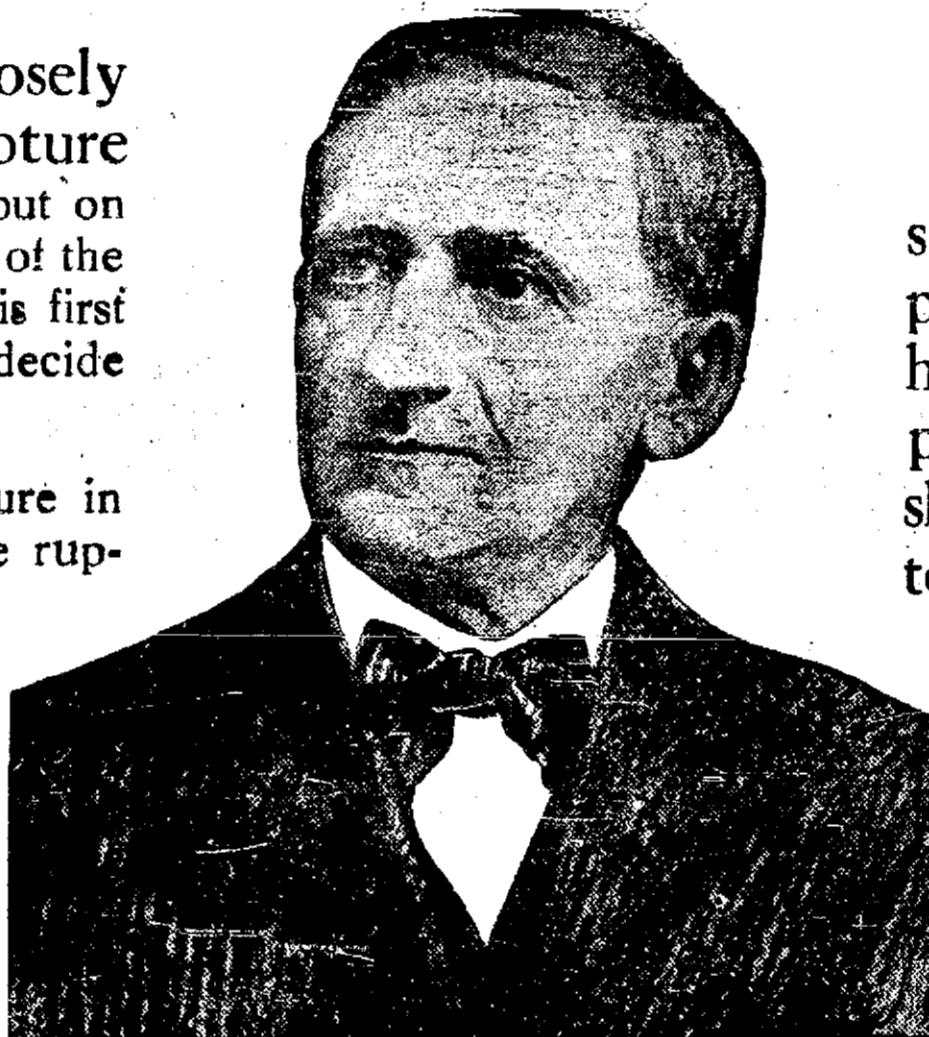

Instead of wearing a steel spring or inflexible harness, try the *velvet-soft* Brooks Appliance.

Instead of the old hard or stuffed pad, use the *soft automatic rubber air-cushion* of a Brooks Appliance.

The Brooks Appliance clings to you without force and you are hardly conscious of its presence. But above all else, it *HOLDS* always.

Within an hour after you receive the Brooks Appliance, if you take advantage of this remarkable trial offer, you will throw away your truss.

The Brooks Appliance Has Freed Thousands of Men, Women and Children from Rupture--Without Pain, Operation, or Loss of Time

A Portrait Done in Charcoal by Herman Pfeifer, From a Photograph of Mr. C. E. Brooks, Inventor of the Appliance and Founder of the Brooks Appliance Co.

Many hundreds of physicians and surgeons recommend the Brooks Appliance and condemn makeshift trusses as more harmful and dangerous than any other method of retaining and treating rupture. Thousands of people have written us testifying to the amazing results they have secured from this great invention. Many of these people live right in your vicinity and we will be glad to send you copies of their thankful letters if you will ask for them when you write.

Men, Women and Children Find the Brooks Appliance Equally Effective

No matter if your rupture is old and severe or only recently developed, no matter if you are young or old, you should not fail to profit by this *No-Risk Trial Offer*.

No other rupture support, truss, lock, device, pad or plaster is offered to the public under so broad a guarantee of satisfaction.

The Brooks Appliance Co. gladly sends their remarkable patented Appliance ON TRIAL to prove that it holds the rupture back, keeps it in place, prevents its coming down or slipping out and finally assists nature to heal up the rupture.

Ten Reasons Why You Should Accept This Offer

1. It is absolutely the only Appliance embodying the principles that inventors have sought after for years.
2. The appliance for retaining the rupture cannot be thrown out of position.
3. Being an air cushion of soft rubber it clings closely to the body yet never blisters or causes irritation.
4. Unlike ordinary so-called pads, it is not cumbersome or ungainly.
5. It is small, soft and pliable, and positively cannot be detected through the clothing.
6. The soft, pliable bands do not give the unpleasant sensation of wearing harness.
7. Nothing to get foul; it can be washed without any injury.
8. There are no metal springs in the Appliance to torture one by cutting and bruising the flesh.
9. All materials are the very best that money can buy, making it a durable and safe Appliance to wear.
10. We *guarantee your comfort* at all times and in all positions, and sell every appliance with this positive understanding.

Over 715,000 People Have Accepted This Offer. Why Not You?

Doesn't that prove that the Brooks Appliance is not an experiment but a positive success---that it does all we claim for it? Among these 715,000 men, women and children there must be *hundreds whose condition was identical with yours*. Can you afford not to investigate and satisfy yourself when it costs you nothing to prove what the Brooks appliance will do for you?

This wonderful device is a triumph of scientific and mechanical genius, the outcome of more than 30 years experience and the results accomplished by its use are little short of miraculous.

When you try a Brooks Appliance you will notice instantly how very much this support resembles the touch and clinging pressure of a human hand.

Send the coupon *NOW* for further description of the Appliance and for our *FREE, NO RISK, TRIAL PLAN*.
